# SAVINGS: TransWest Has a Place to Stash Your Cash

## HIGHER RATES FOR SAVINGS, MONEY MARKET & CD ACCOUNTS

### Regular Shares (Savings)

TransWest pays a dividend each quarter for the use of our members' money. If you have less than \$1,000.00 to deposit, our regular savings account is the best place to put your money – with unlimited access to your funds.

### Green Savings

Green Savings differs from Regular Shares in that it rewards members who “go paperless” when signing up for eStatements with higher dividend rates. Benefits include FREE eStatements, higher dividend rates than a Regular Shares account, and the peace of mind that comes with helping the environment.

### Club Account

This secondary account pays the same dividend as a Regular Shares account. The benefit of this type of account is that it allows you to keep funds separate when you want to save for something specific, such as Christmas, taxes, college, or a special vacation.

### High Yield Checking

For members that keep large balances in their checking account, we offer interest bearing checking option.

This account requires a \$1,000 minimum balance and check writing is limited to 25 checks per month. You'll automatically receive a VISA Debit Card. Benefits include one free box of checks (standard type) per year and interest paid monthly.

### Money Market Account

When depositing more than \$1,000, the Money Market account is a great place to store your money. Money Market rates and interest is paid monthly, plus you have access to your money. That said, there are some restrictions. For example, you can only make a maximum of six withdrawals per month and if you drop below \$1,000.00 a monthly service fee will be charged.

### Savings Certificate (CD)

Our high interest rate term-deposit CDs pay more than your traditional savings account.

Visit [TransWestCU.com](http://TransWestCU.com) for current information and rates.
